SENSIBLE TALK.

Senator Smith, though a Democrat, has during the recent tariff debate, manifested a decided tendency toward protectionism. This has angered some of his free-trade fellow parliamentarians in the town of Englewood to such an extent that they have put their objections in writing and sent them to the Senator. The latter's reply is really as much a confession as a declaration. Some of his statements are decidedly interesting and significant. For instance, he says he opposed Prof. Wilson's bill because "in my judgment it would have made it impossible for at least 50 per cent. of the manufactories within the borders of our state to continue or resume operations."

Had Senator Smith made such an utterance during his campaign of 1892 he would have been promptly ordered to keep quiet by the Democratic National Committee. The great argument then was that protection in the way of assistance to American manufacturing interest and that a reconstruction of tariff duties on a lower plane would not in the least interfere with the industries of the country. Yet here comes a leading Democratic Senator announcing his opposition to a bill because its schedule propose duties so low as to prevent 50 per cent. of the industrial establishments of New Jersey continuing or resuming operations.

Senator Smith continues: "I can readily understand how, in a residential town like Englewood, there may have developed a sentiment in favor of a longer step towards free trade, but, as you well say, it is my duty to endeavor to 'represent all the state and not a part of it,' and, much as I would like to gratify my constituents in Englewood, I have also to consider the desires of my constituents in the more populous and more typical New Jersey cities of Newark, Jersey City, New Brunswick, Trenton and Paterson. And I may add that, while I have received from those who earn their livelihood as well as residents in other towns scores of appeals to oppose the Wilson bill, yours is the first and only remonstrance, bearing more than a single signature, I have yet seen."

All of which goes to show that the people of the Democratic State of New Jersey have lost faith in the doctrines of their party and are rapidly flocking to the standard of protection.

As a parting shot, Senator Smith says: "Moreover, while, as I have said before, I cannot under the circumstances question your familiarity with the two measures, I am at a loss to comprehend either the material or political advantages which you seem to think the state would derive from the tax upon the deposits in our savings banks, and upon the investments of our people in building and loan and mutual fire insurance associations provided by 'The Wilson bill as it came from the House of Representatives' and eliminated by the Senate."

Taken as a whole, the reply of the Senator is a decidedly sensible one, from a Republican point of view.

The let-er-go-Reilly fashion in which the Democratic convention made the Congressional nomination for Congress at Pottsville, yesterday, is the best kind of encouragement for the Republicans.

It savored of that kind of enthusiasm which characterizes a desperate army as it enters a battle.

Charges Against Railway Managers.

CHICAGO, Aug. 7.—During the past week a committee of the A. R. U. held frequent consultations with Mayor Hopkins. Yesterday W. E. Burns, director of that organization and the head of the committee, admitted the purpose of their visit was to furnish proof in many instances that the destruction of property for which damages are claimed was done by men employed by the railroads and General Managers' association. They claim to be able to prove that the men arrested last Friday charged with leading riot and burning cars on the Rock Island tracks on July 5 was at that time in the employ of the Chicago and Eastern Illinois road. They also claim to have other similar cases.

Cultivated Anarchists on Trial.

PARIS, Aug. 7.—The trial of thirty anarchists began yesterday in the court of assizes, with M. Dayras presiding and M. Buloz conducting the prosecution. The prisoners Bortani, Cherioti and Bellotti, appeared with their wives, who are also under charges. The only other female prisoner is the widow Milanao. conspicuous among the other prisoners are Jean Grave, Julien Ledot and Charles Chatelet, authors; Sebastian Faure, agitator, and Felix Fenelon, who, when employed in the war ministry, was found to be hiding dynamite and anarchist literature in his desk.

Murdered by His Brother.

GALENA, Ill., Aug. 7.—George Richardson, a prominent farmer on New Digging, Wis., was waylaid and murdered while riding home from Galena by his brother Mark. There has been ill feeling between the brothers for years, and they were engaged in litigation about their father's estate. Thursday night Mark Richard's barn was burned, and he attributed the fire to his brother. He left home Sunday night to meet his brother on the road, and shot him dead when he appeared. The murderer then went to Benton and surrendered himself, and was taken to Darlington jail.

Refused to Eat with Non-Unionists.

CHICAGO, Aug. 7.—The sensation of yesterday at Pullman was the refusal of Company M, infantry, to eat at the same table with non-union men. When the company came to break ranks at the mess tent entrance they were indignant to see two tables within filled with non-union employees of the Pullman company. The workers were a part of the new force hired yesterday. The soldiers, however, refused to enter, and the workers were finally marched out and the company marched in, receiving the assurance that they will hereafter have the mess tent to themselves.

Fire Panic in Chicago.

CHICAGO, Aug. 7.—A panic was created yesterday afternoon by a fire which broke out in a row of tenement houses at West Fortieth and Ohio streets, many families tumbling over each other in a wild scramble to save their effects. The fire started in a small alley, and driven by a strong wind, swept down the row, destroying the back porches, kitchens and outbuildings of sixty houses. The flames threatened for a time to wipe out the entire neighborhood, and the tenants fled in terror, but by hard work the firemen finally controlled the blaze. Small loss.

Senator Irbey Denounces Cleveland.

LAURENS, S. C., Aug. 7.—In a speech before a reform convention Senator Irbey denounced the proposed tariff law as a humbug and a fraud and declared that for the McKinley law he would not support it. He did not caucus with senators, because of the sugar trust, containing inaction. Cleveland, he said, was a hypocrite and a fraud, and no Democrat, but an aristocrat, all his associations being with the money power. The south-west, he stated, must combine with Boies, Tillman or Stevenson in 1896.

State Troops Leave Chicago.

SPRINGFIELD, Ill., Aug. 7.—Governor Altgeld last night directed General Wheeler at Chicago, commanding state troops there, to disband all companies now on duty this morning. Four of the Second and three companies of the First regiment, which have been on duty at Pullman and the Union Stock yards, were relieved.

NEW YORK, Aug. 7.—Superintendent Byrnes has preferred charges against Police Captain William S. Devoy, now in command of the First precinct, and Wardman Edward Glennon. The charges are the outgrowth of the accusations made by Dr. Packhurst while the two men were stationed at the Eldridge station house, in the Eleventh precinct.

KING THE MAN!

Receives the Democratic Senatorial Nomination on the First Ballot.

Francis Was Second in the Race, But King Left Him Far to the Rear.
The Vote Watson Polled.

Special to the Herald.
GIBRAVILLE, Aug. 7.—The Democratic Convention of the Thirtieth Senatorial district was called to order here at 10:55 o'clock this morning by Chairman William Marr, of Ashland.

J. J. Monaghan, of Shenandoah, and Edward C. Kenny, of Butler, were nominated for chairman of the convention.

M. J. Powers, of Mahanoy City, protested against the nomination of Mr. Monaghan, stating that Monaghan was in the convention as a substitute for a delegate from the Fourth ward of Shenandoah and that Monaghan did not even live in the First ward, but was a resident of Philadelphia.

Mr. Monaghan stated that while he held a position as Inspector of Immigration in Philadelphia, his actual residence was in the First ward of Shenandoah, but he was preparing to move into the Fourth ward, where he had purchased a property.

Chairman Marr declared that Monaghan was not eligible and amid an uproar of indignation on the Watson side and delight among the King and Francis men Kenny was elected chairman of the convention by acclamation, upon motion of M. J. Powers.

M. J. Sweeney was appointed clerk. W. C. Devitt assistant clerk and M. J. Conway, W. J. Scanlan and William J. Rattigan tellers.

Nominations for Senator were then declared in order. M. J. Powers, of Mahanoy City, nominated H. N. Charles E. King, of the same place, George Plopper, of Shenandoah, nominated Hon. M. C. Watson, of Shenandoah, and County Solicitor Ulrich, of Tamaqua, nominated J. J. Francis, of Shenandoah. King was declared the nominee on the first ballot, which resulted as follows:

TROLLEY ACCIDENT.

Instantly Killed by an Electric Railway Car This Morning.

Special to the Herald.
MAHANOY CITY, Aug. 7.—John, the four-year-old son of Joseph Karachura, was instantly killed at the west end of Centre street, this morning, by one of the Schuylkill Traction Company's electric railway cars.

The child was playing in the street when car No. 33, in charge of Motorman William Clifford and Conductor David Northey, approached. The car was running at a moderate rate of speed, but the child suddenly ran out on the track and before Clifford could put on the brake the car struck the victim.

Amos W. Bridges witnessed the accident and ran to the place. When he picked up the child it was dead. The wheels did not touch the body, death having been caused by a blow on the head, upon which there were bruises and cuts.

EXPLOSION OF GAS.

Peter Collins, a resident of Mahanoy City and 24 years of age, and Peter Mazinsky, aged 22 years and a resident of this town, were badly burned about the face, hands and shoulders in an explosion of gas in the Knickerbocker colliery last evening. Both men were sent to the Miners' hospital. Their burns are considered very serious.

A Thief Caught.

On Saturday last Adam Bawolski, alias Ench Ladoski, was arrested in Mt. Carmel while offering jewelry for sale. He was taken before Justice William Amour and upon making a search the officers found on the man's person 42 plated watch chains, 4 watch charms and a quantity of cuff buttons. Squire Amour committed the man to the Sunbury jail to await trial on a charge of peddling. Meanwhile he communicated with his brother, County Detective Richard Amour, who worked up the case and yesterday and learned that the stolen jewelry belonged to Sam Block, the South Main street merchant. The jewelry was brought here and Mr. Block identified it as part of a stock he had before his place was robbed several weeks ago. Detective Amour went to Sunbury this morning with the intention of securing custody of Bawolski and bringing him into Schuylkill county for trial. It is believed the Mt. Carmel and Sunbury watches will waive their claim to the man on the lighter charge of peddling without a license.

A sad tale is told to a Herald reporter about the manager of the Diamond Nine base ball club. The said manager having a little unadulterated grudge against the referee team came to the conclusion that the best way for him to wreak vengeance upon his rival ball tossers was to effect a re-organization of the Diamond Nine and knock them out. All went very nicely till they reached the diamond when the referee's team took a sudden change. The game resulted in a stunning defeat for the Diamond Nine and their hustling manager "Wilson" found out that it won't pay to have too many irons in the fire. Pass the hat, boys, and assist the gentleman to defray all expenses. All he's crying for is \$4.

Hood's Saved My Life

I Can Honestly Say This

"For years I was in a very serious condition with catarrh of the stomach, bowels and bladder. I suffered intensely from dyspepsia, and in fact was a miserable wreck, merely a skeleton. I seemed to go from bad to worse. I really wished I was dead. I had no rest day or night. I did not know what to do. I had taken so much medicine of the wrong kind that it had poisoned me, and my finger nails began to turn black and come off. I began to take Hood's Sarsaparilla. I had faith in the medicine, and it did more for me than all prescriptions. I have gradually regained perfect health, am entirely free from catarrh of the bowels, and pain in my back. My recovery is simply marvelous." W. R. Young, Potter's Mills, Pa.
